CONSENT OF ASSIGNEE

Dear Sir:

Trak International, Inc., assignee of U.S. Patent 5,639,119, consents to the filing of the accompanying reissue application for the reissue of U.S. Patent 5,639,119.

TRAK INTERNATIONAL, INC.

By: Curtis J. Laetz  
Title: Vice President and Secretary

Date: October 6, 1999

REISSUE DECLARATION AND POWER OF ATTORNEY

As below named inventors, we hereby declare as follows:

Our residence, post office address and citizenship are as stated below next to our name.

We believe we are the original, first and joint inventors of the invention entitled FORKLIFT STABILIZING APPARATUS described and claimed in the attached reissue specification and also described and claimed in U.S. Patent No. 5,639,119 ("the '119 patent") and for which invention a reissue patent is hereby solicited.

We have reviewed and understand the contents of the attached reissue specification, including the claims.

We acknowledge the duty to disclose all information which is material to the examination of this reissue application in accordance with 37 C.F.R. § 1.56.

We believe the '119 patent to be wholly or partly inoperative by reason of claiming less than we had the right to claim in the patent. In particular, claims 1, 6, 7 and 9 contain recitations concerning a stabilizer apparatus that are too limiting of the invention and unnecessary in view of the prior art. Claims 20 through 33 of the attached reissue application have limitations similar to those of claim 18, but define the invention with greater breadth.

All errors being corrected in the attached reissue application arose without any deceptive intention on the part of the applicants.

We hereby appoint Gary M. Hoffman, Reg. No. 26,411; Donald A. Gregory, Reg. No. 28,954; Thomas J. D'Amico, Reg. No. 28,371; James W. Brady, Jr., Reg. No. 32,115; Jon D. Grossman, Reg. No. 32,699; Mark J. Thronson, Reg. No. 33,082; Laurence E. Fisher, Reg. No. 37,131; William E. Powell, III, Reg. No. 39,803; Eric Oliver, Reg. No. 35,307; John R. Fuisz, Reg. No. 37,327; Brian A. Lemm, Reg. No. 43,748; Gianni Minutoli, Reg. No. 41,198; Salvatore P. Tamburo, Reg. No. P-45,153; and James M. Silbermann, Reg. No. 40,413, our attorneys with full power of substitution and revocation to prosecute this application and to receive correspondence from and transact all business in the Patent and Trademark Office connected therewith.

Address all correspondence concerning this application to:

We hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
